The August Meeting Minutes

The August meeting was held at Ruthanne Koeshall's residence in rural Beloit, WI. We had 7 trucks, 11 adults and 1 child present. It was a sunny day, temps were in the 80's, the food was wonderful and the pool was relaxing. It was a great time.

The meeting was called to order at 12:34pm.

Reports from Officers

Secretary – Rick read the July minutes.

Treasurer/Membership – Chris reported on the balance of the checkbook. At this time there are no new members.

Vice President – Dave Farmer was not present but we're sure he's having a great time at the Milwaukee Brewers game.

President – Mike asked for any old business to be discussed.

OLD BUSINESS

Mike told us that per **Registrations Chair**, Bill Watkins, that we have 50 registrations so far. Next up was **Door Prize Chair**, Chuck Blanchard. Chuck said stuff was finally starting to come in and told us Bruce Horkey had given us \$400.00 off a bed kit as it's his 30th Anniversary. Chuck also said that we received \$500.00 from Fat Man Fabrications. Wally told Chuck he had a bunch of door prizes with him today and Rick said the same. Mike said he is waiting for some responses for door prizes and told us about a unique heated ice scraper. Mike also told the attendees about his and Rick's trip to Heidt's Hot Rod shop in Wauconda, IL. Mike and Rick met up with owner Frank Happ and presented him with the "Thank You" plaque from Dash 20. Frank was amazed how nice it was. He said he was going to hang it where everyone could see it. We took a photo with Frank and then Frank gave us the grand tour of the facility. Frank gave us some goodies and then some of the guys went out to see Mike's '56. Mike asked **Trophy Chair** Wally how many trophies we have so far. Wally said we have 48. We discussed Dean Malin's trophy "Fit 'N Finish" (in honor of Nick Peiffer) and came to the conclusion that all of the IL club members present at the show would pick the winner. Wally also stated that he needed ballots for voting on the different categories. Call Wally at (262) 374-9661 or email him at: wallyz79@yahoo.com. **Mike said we still need volunteers for the show.** We have openings for Registration, T-shirts, Craft Fair drivers, Valve Cover and Hot Wheel Racing, etc. Megan Blanchard will be handling the kids' games and Mark Petrowski and Rob Himmelman will be in charge of directing the trucks to park on Saturday. Food this year will be provided by Rich Linskens. On the menu will be brats, hotdogs, chips, etc. along with a couple of things like fruit and potato salad provided by the club per Chris. Rich will also be selling soda and the like to participants and spectators as well as a few late night goodies around the fire pit. Per Chris, the Dash 21 t-shirts are ordered and new for this year the shirts will have photo art. She said some sweat shirts are being made also. Dash plaques have been ordered.

The August Meeting Minutes...continued

Volunteer STAFF shirts should be ordered shortly. Wally noted that a shop near him that does vinyl graphics can also do t-shirts so we need to keep this in mind. Mike said the porta potties are ordered and the date confirmed for delivery. In other show stuff, Mike said that club member Tim Lincoln wants the club to give the frame away that we gave to him last year to some lucky soul who will actually put a truck on it-not just sell it. The drawing will have some stipulations and it will be a separate drawing for it.

NEW BUSINESS

Mike asked for any new business. Hearing none, we moved on.

Reminder – the show is September 17 & 18.

October meeting – a progressive garage run was suggested. Date to be determined but will **NOT** occur on October 9th.

Dean Malin made a motion to close the meeting. It was seconded by Megan Blanchard.

Meeting adjourned at 1:24pm.

Dash to the Dells 21 Reminders:

Door Prizes

Badgerland club members, please solicit your local businesses for door prizes. We need the smaller items like t-shirts, hats, oil filters, oil, truck care products and the like (these items don't need to be auto related) to give away with each registration. Thank you in advance for your help. Call Mike Connor @ (608) 274-6257 to arrange for drop off prior to the show or just bring the items with you to the show as early as possible.

Volunteers Still Needed

Volunteers for Dash 21 are still needed to fill various positions. There is less for each individual to do if everyone pitches in and helps.

Please contact Mike or Chris Connor today @ (608) 274-6257.

Dash to the Dells 21 Reminders:

Bring Your Trophies

Please remember to bring your trophies to the show. Need tags? If you haven't already done so, tell Wally what you need for tags A.S.A.P. so they can be made.

Call Wally at (262) 374-9661 or email him at: wallyz79@yahoo.com

Register Your Truck

Be sure to register your trucks at the show. Time is running out to send your registration to Bill Watkins.

Reserve Your Rooms

Make sure you have reserved your room(s) and like we've said via email and snail mail, your friends and relatives can get a room too. It's a great deal (\$104.00 + tax) for a weekend of fun with a water park too! Call the Great Wolf Lodge reservation line @ 1-800-559-9653 and ask for Group Reservations under Badgerland Truck Club.

Tech Corner – submitted by Ruthanne Koeshall

What is the main ingredient of WD-40?

Before you read to the end, does anybody know what the main ingredient of WD-40 is? Don't lie and don't cheat. WD-40. Who knew; I had a neighbor who bought a new pickup. I got up very early one Sunday morning and saw that someone had spray painted red all around the sides of this beige truck (for some unknown reason). I went over, woke him up, and told him the bad news. He was very upset and was trying to figure out what to do.... probably nothing until Monday morning, since nothing was open. Another neighbor came out and told him to get his WD-40 and clean it off. It removed the unwanted paint beautifully and did not harm his paint job that was on the truck. I'm impressed! WD-40 who knew? 'Water Displacement #40'. The product began from a search for a rust preventative solvent and degreaser to protect missile parts. WD-40 was created in 1953 by three technicians at the San Diego Rocket chemical Company. Its name comes from the project that was to find a 'water displacement' compound. They were successful with the fortieth formulation, thus WD-40. The Convair Company bought it in bulk to protect their atlas missile parts. Ken East (one of the original founders) says there is nothing in WD-40 that would hurt you... When you read the 'shower door' part, try it. It's the first thing that has ever cleaned that spotty shower door. If yours is plastic, it works just as well as glass. It's a miracle! Then try it on your stove top ... Viola! It's now shinier than it's ever been. You'll be amazed.

WD-40 uses:

1. Protects silver from tarnishing.
2. Removes road tar and grime from cars.
3. Cleans and lubricates guitar strings.
4. Gives floors that 'just-waxed' sheen without making them slippery.
5. Keeps flies off cows.
6. Restores and cleans chalkboards.
7. Removes lipstick stains.
8. Loosens stubborn zippers.
9. Untangles jewelry chains.
10. Removes stains from stainless steel sinks.
11. Removes dirt and grime from the barbecue grill.
12. Keeps ceramic/terra cotta garden pots from oxidizing.
13. Removes tomato stains from clothing.
14. Keeps glass shower doors free of water spots.
15. Camouflages scratches in ceramic and marble floors.
16. Keeps scissors working smoothly.
17. Lubricates noisy door hinges on vehicles and doors in homes.
18. It removes black scuff marks from the kitchen floor! Use WD-40 for those nasty tar and scuff marks on flooring. It doesn't seem to harm the finish and you won't have to scrub nearly as hard to get them off. Just remember to open some windows if you have a lot of them.
19. Bug guts will eat away the finish on your car if not removed quickly! Use WD-40!
20. Gives a children's playground gym slide a shine for a super fast slide.
21. Lubricates gear shift and mower deck lever for ease of handling on riding mowers...
22. Rids kids' rocking chairs and swings of squeaky noises.
23. Lubricates tracks in sticking home windows and makes them easier to open.
24. Spraying an umbrella stem makes it easier to open and close.
25. Restores and cleans padded leather dashboards in vehicles, as well as vinyl bumpers.
26. Restores and cleans roof racks on vehicles.
27. Lubricates and stops squeaks in electric fans
28. Lubricates wheel sprockets on tricycles, wagons, and bicycles for easy handling.
29. Lubricates fan belts on washers and dryers and keeps them running smoothly.
30. Keeps rust from forming on saws and saw blades, and other tools.
31. Removes splattered grease on stove.
32. Keeps bathroom mirror from fogging.
33. Lubricates prosthetic limbs.
34. Keeps pigeons off the balcony (they hate the smell).
35. Removes all traces of duct tape.
36. Folks even spray it on their arms, hands, and knees to relieve arthritis pain.
37. Florida's favorite use is: 'cleans and removes love bugs from grills and bumpers.'
38. The favorite use in the state of New York, WD-40 protects the Statue of Liberty from the elements.

Continued on next page.

Tech Corner...continued

39. WD-40 attracts fish. Spray a little on live bait or lures and you will be catching the big one in no time. Also, it's a lot cheaper than the chemical attractants that are made for just that purpose. Keep in mind though, using some chemical laced baits or lures for fishing are not allowed in some states.

40. Use it for fire ant bites... It takes the sting away immediately and stops the itch.

41. WD-40 is great for removing crayon from walls. Spray on the mark and wipe with a clean rag.

42. Also, if you've discovered that your teenage daughter has washed and dried a tube of lipstick with a load of laundry, saturate the lipstick spots with WD-40 and rewash. Presto! The lipstick is gone!

43. If you sprayed WD-40 on the distributor cap, it would displace the moisture and allow the car to start.

P.S. The basic ingredient is FISH OIL.

Fellow Members:

It's been great to hear and see all of the truckers working on their truck projects this year. It's been a tough year financially for some if not all of us, but yet we still find the time, resources and people to keep our truck projects going. Some of the truckers that come to mind are Dean Malin, who is working on his '56 panel truck, Dave Farmer, who is working on his '61? Unibody shortbox, Mike Connor who is working on his '56 panel truck, Jeff Mundt who is working on his '50 F2 pickup and Les Berg who is working on his '56 pickup. As for me, I've been parting out a couple of different trucks to keep me busy and have income coming in while I look for work. I'm sure there are many others of you doing the same thing. Isn't this sport of trucking great? I hope all of you are looking forward to our truck show as it's always a great time to be with the truck families and friends. I know I am.

Dave Farmer sent me some info about how to choose the right carburetor for your truck (for those of us not currently running fuel injection) and I did some more research and came up with more info for an article I plan on running in the September & October issue. It will be in two parts, but is very informational. Thanks Dave for the idea.

Remember, your club members are a great source for information, locating parts or a helping hand. Call one sometime. You'll be glad you did!

See you down the road!
