## Do You Need a Driver's License Anymore?

A man was sitting on a lawn sunning and reading, when he was startled by a fairly late model car crashing through a hedge and coming to rest on his lawn. He helped the elderly driver out and sat him on a lawn chair.

"My goodness" he exclaimed, "you are quite old to be driving!" "Yes" he replied, "I am old enough that I don't need a license anymore." "The last time I went to my doctor he examined me, and asked if I had a driver's license. I told him yes and handed it to him. He took scissors out of a drawer, cut the license into pieces and threw them in the wastebasket." "You won't be needing this anymore," he said. "So I thanked him and left."

Don't you just love some senior citizens?

# From the Workbench of the Prez

This is for all Badgerland F-100 Truck Club members.

Well, it's late July 2012 and only 8 weeks until Dash 23!

We are doing the final stages of planning for the Dash to the Dells. Keep in mind this is your truck club show and as members you should all be attending this event with your trucks if they are able to come. If your truck isn't done or can't make it you should still be coming to help put on the show. Member attendance has not been outstanding the past few years and I would like to see every member participating at the biggest event of the year for the club. Registrations from club members should be 100%. The dates are set on the same weekend every year so it should be plenty of time for you to make plans to attend.

Our door prize bin is still quite empty. The big vendors we count on are not really doing much for us. I am requesting that every member go solicit a minimum of 2 door prizes for the show. It is easy to ask your local places of business. Do it now and you can get them to me at the Spring Green Car Show meeting (around 1pm on August 18<sup>th</sup>) or drop them off at my house.

We had talked a few years ago about ending the show at several meetings and the club voted to continue putting it on. As a member then, you **all** need to sign up on the volunteer sheet to do one or more jobs that are needed to put the show on. It is not enough to say you will help when asked or will sign up when you get to the show. You need to sign up in advance by calling Chris or myself (608) 274-6257 to get on this work list. You are being asked now before the show so it helps make everyone's time at the show easier. A sign-up schedule is in this newsletter.

Another way to volunteer is to call Wally (262) 374-9661 and make some trophies. Ask him what trophies he still needs and make it. There are some very creative people in this club. Just make one if that is all you have time for. Make sure you check with Wally first so we don't have trophies for the same thing.

With temps in the high 90's-100's, I am as guilty of not going out to the garage as anyone, but this is your truck club calling to go get that truck running so you can bring it.

Thank you.

Let's roll!

Mike

## Club Members Travel To Clear Lake, IA

A few of the Badgerland F-100 members traveled to the Twin City F-100's Midwest F-100 Nationals show in Clear Lake, IA in mid-June. Members attending were Floyd & Rita Johnson, Mark & Cindy Favor and Rick & Ros Pribbenow. While there, we toured the Surf Ballroom and Buddy Holly's memorial site. Friday, we cruised to Iowa Trolley Park where the park is in the process of building a scale replica V & T Lyon steam engine from scratch. On Saturday, we attended the truck show and had a good time. The weather was hot but near the lake it was really decent. Mark & Cindy came away with a trophy for the "Fattest Tires" and Rick & Ros took home the "Best Interior" trophy. A fun time was had by all.

## Club Members Travel To Volo, IL

Five club members attended the July 7<sup>th</sup> club meeting held at the George Barris Tribute Car Show at Volo Auto Museum in Volo, IL. This was a benefit for NorthPointe Resources who helps people with disabilities achieve their dreams. We viewed the museum with all its vehicles, saw the "Munster Koach" and "Dragula" built by Barris. The afternoon was topped off by the meeting of George Barris, taking pictures with him and getting his autograph. Wally walked away with NorthPointe's Favorite Vehicle trophy.

## Club Members Travel To Branson, MO

Several Badgerland F-100 members, Greg, Kim, Rachel & Sadie Schneider, Rick & Ros Pribbenow and Bruce & Darla Bordner made their way to the Show-Me F-100's Truck Show in Branson, MO in mid-July. There we saw around 50-60 trucks, met old friends and made some new ones, traveled around town to various destinations and of course just relaxed at the motel near the creek. Bruce & Darla came away with a "Top Ten" award for their '54 F-100 and Rick accepted the "Club Participation" award for the Badgerland F-100's Truck Club. The Twin City F-100's were not forgotten as they carried home the long distance award. It was hot and humid, but we all had a good time!

## Hey Badgerland Ladies

Club member Ruthanne (Koeshall) Fisher has a new small business. She is making women's jewelry and calls her new venture Jewelry by Anne. ## Reporting from La Farge Wisconsin by Torger Mikkelsen

You can be sure that we had the time of our lives in La Farge yesterday. I was planning on writing an article about this Car Show for either a blog or a car magazine that solicits experiences. I'm stuck on a variety of titles for the article, but I think that it will be "A Five in One Car Show" would best fit the show.

Sharon and I left Waunakee at 7:00 and spent \$11.26 at Mc Donald's for the trip up to La Farge. Hwy 12 to Hwy 60 to Hwy 14 to Hwy 80 to Hwy 56 and then to Hwy 131. Phew! That's a lot of state highways for just 89 miles.

We arrived at 9:30 and registered #48, paid the five bucks and was given a ten dollar "T" shirt. Already ahead except for Mc Donald's and gas. We put the car on the grounds, and as I spent time sweating and polishing, Sharon headed for the shade. Didn't last long, so she went into the church. I followed her in to the air conditioning and began to look around. It's a neat small church and the people were very friendly. Many were wearing event "T" shirts including some in their high 70's. I talked to a young guy for a while, as we were drinking coffee and Kwik Trip donuts (day old), and then he excused himself and took his coffee cup and went to the pulpit. I've never been in a church where the vestment was a "Hot Rod Sunday" "T". And, what a preacher (he prefers to be called "Rev"). On the stage or whatever you call it were two flower arrangements, one on an engine stand complete with chrome header pipes and a caption that said "Make a joyful noise unto the Lord, and make it real loud!" The other was made of an old fashioned bumper jack with the handle crosswise, forming a cross. The caption was something about lifting yourself up.

The collection was taken first, accompanied by some pretty good one-liners by The Rev. Oh, did I mention that they had an Elvis impersonator? Yep, right on the platform, along with his back up music and sound engineer (read girlfriend). He and some young mother from the congregation led the kid's sermon. I've never seen one like this though. They taught the kids how to do "The Hokey Pokey". There was a message there also in there somewhere. It's been over 50 years since I had to take sermon notes, but I wish that I would have done that on Sunday.

The sermon was based on "Smokey and the Bandit". The Rev's message was based on Burt Reynolds always looking in the rear view mirror in those movies. Sometimes to see if Gleason was catching him, and sometimes just to see his own smile. The message was that we should be looking forward more and into the past less. Again many one liners interspersed into the message, but a couple that I remember was something about Ford drivers installing Chevrolet engines. "Don't take offense so you won't come back next year". His final message was a thought from Ray Charles. "Live every day like it's your last, 'cause some day you'll be right."

Following the sermon/stand-up comic part of the service, Elvis led the congregation in a big "Happy Birthday" for an 80 year old lady from the church as her grandkids rolled out a sheet cake the size of a Buick hood.

A quick prayer, and then The Rev says, "Let's eat!" All we had to do was turn around and get in line for a good old fashioned church picnic, with their famous boiled hot dogs on cold buns and table after table of salads, fruits, chips and dips and 10,000 calorie brownies. Now, we're ahead of the game, even after investing a few bucks in the collection plate. By now it's in the 90's, and La Farge is in a valley along the Kickapoo River, so it was very hot and muggy. Air Conditioning is wonderful.

By now after everyone had eaten, it was time to either go back out to the car show or stay inside for the "Tribute to Elvis". Needless to say, Elvis packed the house and he entertained for over an hour. I snuck out twice to see a few cars each time, but Elvis kept getting better. Well, now I'm down another couple of bucks 'cause the collection plate was passed again for Elvis' gas money. Fine with me.

There were enough door prizes for everyone, although most were car, truck, supply house or tractor hats. That and a few boxes of Kwik Trip glazer donuts. Again, a new custom I'd never seen before. Three kids drew names of all the "drivers" and taped the names to the door prizes while Elvis was still singing. Then, the "veterans" of past shows went out, found their name tags and switched them to the good prizes while the rest of us were humming along to "Hound Dog." I got a box of donuts.

The classes were easy. GM cars, Ford cars, Mopar, motorcycle and pickups. I also think that the mix of trophies might mean that they had been pre-awarded. Who cares though, after all the fun that was had.

The finale for "Hot Rod Sunday" was a cruise around the Kick-A-Poo valley. As Sharon and I are from that area, we skipped the cruise but if you ever get a hankerin' for a real neat back country cruise, let me know. Wildcat Mountain, the Rockton Tavern, Peck's Corner where horses have line dance in the bar, the Amish ridge and canoeing on the Kickapoo are just some of the attractions.

Oh, one thing that I forgot. A lady (think Betty Boop) about my age parked next to my Buick with her '57 Buick four door hardtop. On the back of her dual exhausts were two of the biggest flame throwers I've ever seen. Said that she has them "disarmed" because of the dry conditions, but she would go over to the fire station across the street if anyone wanted to see them work. I had my favorite go-to-car-show-shirt on which had a Route 66 theme to it. "Betty" said that she loved the shirt, and then pointed to her Route 66 seat covers. I'll be darned! Exactly the same pattern. I will never wear that shirt again. Well, at least in La Farge.

So, totaling it all up, I got to attend church, took part in a car show, got fed, enjoyed Elvis, and got to cruise the valleys of Vernon County. All five things for \$12.00 plus Mc Donald's for another twelve bucks. And, I didn't even get a "T" shirt at Mc Donald's. This is a show I will never miss again!

Torger

**1948-1972 Ford F-100 Truck Show**

Dear Friend of the Badgerland F-100's:

On September 14<sup>th</sup> to 15<sup>th</sup>, the Badgerland F-100's Truck Club will hold its **23rd Annual "Dash to the Dells"** in Wisconsin Dells, Wisconsin. We anticipate as many as 150 or more Ford F-100 pickups and panel trucks that range primarily from 1948 to 1972 vintage. These vehicles vary from totally stock to fully customized and arrive from all over the United States and Canada.

The "**Dash to the Dells**" has become one of the most talked about shows in the Midwest! It is also the 9<sup>th</sup> year that we've added the "**Unofficial Panel Nationals**" to our show welcoming all brands of panel trucks.

As part of planning this event, we are looking for your help in providing door prizes or gift certificates for our show. Door prizes are given away to participants through random drawings during the event. We also provide a "goody bag" to each participant. This is an excellent opportunity to publicize your company and its products or services to a large audience of classic truck lovers. Our guests spend large sums of money to personalize vehicles to their own liking and we'd like Your Company to be the first one they think of!

Vendor name recognition is a powerful sales tool. We can help make that happen for Your Company when it is mentioned at our awards ceremony and also prominently posted at our show location for all attendees and the general public to see. Your donation is what helps to make our show successful and your generosity provides our guests with some cool stuff to take home! If you have supported our show in the past, we would like to take this opportunity again to say "**Thank You**", and hope that you will continue to support our show and hobby in the future.

We look forward to hearing from you and would appreciate anything you may be able to do for us. We gladly welcome vendor booths at our event as well. If you have any questions regarding the event, please contact me.

Thank you for your time and consideration.
