## In The News

Member Bob Meyer has a new email address: [fordboybob@gmail.com](mailto:fordboybob@gmail.com)

In last month's issue, member Ruthanne Fisher (Koeshall) gave me an incorrect phone number to call her at for items relating to her new business. The number should be (702) 445-0558. Now you will be able to talk directly with her about the custom jewelry she makes. Or, her website is [www.etsy.com](http://www.etsy.com) and look under CustomJewelrybyAnne.

## Meeting Highlights

The Paul Hilgers family won an award at the Spring Green Car Show for their entry – the white Jeep. It was picked for class "W" which Rachel said was for "win" but really for their stock class vehicle. Who would have thought, come to an F-100 truck club event/meeting and take home a trophy for the Jeep. Way to go guys!

## Meeting Highlights...continued

We were also visited by Wally's daughter Emily and her son Otto (who loves trucks and trains).

## 60 Years Ago (1952)

In 1952 despite the war in Korea Americans considered themselves to be prospering with average worker earning \$3,400 per year, a college teacher could expect to earn \$5,100 per year. Three out of 5 families owned a car, 2 out of 3 families now had a telephone, 1 in 3 homes had a television. The average woman in America would be married by 20 years of age looking forward to raising a family but few continued with a career after children were born. Fast Food restaurants were growing in popularity, but the scourge of Polio hit many thousands of families (50,000 estimated). Many more cars in America were now fitted with automatic gearboxes and gas cost 25 cents per gallon. The world's first passenger jet The Comet is produced in UK signaling the start of faster and cheaper air travel in later years.

Ford's five year run for the F1 series truck would end making way for the new F-100 series.

.....the trees are whistling for the dogs.  
.....the best parking place is determined by shade instead of distance  
.....hot water comes from both taps.

.....you discover that in July it only takes two fingers to steer your car.  
.....you discover that you can get sunburned through your car window.  
.....you actually burn your hand opening the car door.  
.....you break into a sweat the instant you step outside at 7:30 A.M.  
.....your biggest motorcycle wreck fear is, "What if I get knocked out and end up lying on the pavement and cook to death?"  
.....you realize that asphalt has a liquid stage.

**September 14-15, 2012**

**1948-1972 Ford F-100 Truck Show**

Dear Friend of the Badgerland F-100's:

On September 14<sup>th</sup> to 15<sup>th</sup>, the Badgerland F-100's Truck Club will hold its **23rd Annual "Dash to the Dells"** in Wisconsin Dells, Wisconsin. We anticipate as many as 150 or more Ford F-100 pickups and panel trucks that range primarily from 1948 to 1972 vintage. These vehicles vary from totally stock to fully customized and arrive from all over the United States and Canada.

The "**Dash to the Dells**" has become one of the most talked about shows in the Midwest! It is also the 9<sup>th</sup> year that we've added the "**Unofficial Panel Nationals**" to our show welcoming all brands of panel trucks.

As part of planning this event, we are looking for your help in providing door prizes or gift certificates for our show. Door prizes are given away to participants through random drawings during the event. We also provide a "goody bag" to each participant. This is an excellent opportunity to publicize your company and its products or services to a large audience of classic truck lovers. Our guests spend large sums of money to personalize vehicles to their own liking and we'd like Your Company to be the first one they think of!

Vendor name recognition is a powerful sales tool. We can help make that happen for Your Company when it is mentioned at our awards ceremony and also prominently posted at our show location for all attendees and the general public to see. Your donation is what helps to make our show successful and your generosity provides our guests with some cool stuff to take home! If you have supported our show in the past, we would like to take this opportunity again to say "**Thank You**", and hope that you will continue to support our show and hobby in the future.

We look forward to hearing from you and would appreciate anything you may be able to do for us. We gladly welcome vendor booths at our event as well. If you have any questions regarding the event, please contact me.

Thank you for your time and consideration.
