FROM THE PREZ:

Seems like the "off-season" has come and gone pretty fast this past winter! Hoping most of you have been able to get your trucks ready for the road again. Mine unfortunately, is still getting a few repairs after last year's windshield crack, which will mean it's not going to make the drive to the F-100 Supernationals in Tennessee this May. We will have to check the show out in the daily driver instead. While we are there, we will thank Brent from Fatman Fabrications for his generous support of our truck show. Thanks again to Dave Farmer for putting together some nice "Thank You" awards that he has framed for us to present to both Brent and Bruce Horkey. Hope to see many of you at upcoming shows and club events!
--Mike Connor

INSURANCE INSURANCE INSURANCE!!!

Something as an owner of a collectible vehicle you just can't go without! Do you use your regular auto insurance carrier, or obtain insurance from a company that specializes in these types of vehicles? We would like to put together an article for a future newsletter with your feedback. Do you use Haggerty, or Grundy, or some other insurance, and what is your experience? Do you have any stories to tell us about their positives and negatives? Any recommendations? Please email Chris Connor at mikesfine56@gmail.com with your comments and stories. We will share some of this info in a future newsletter. THANKS!

The Vice President Says

Greetings fellow truckers! Spring is finally here, wait now it's gone, now it's back. Well you get the picture. It's time to get the trucks out and start using them. With that in mind I want some feedback on this club picnic I'm supposed to plan for you. I will be shooting for mid-July, and we may be tying it in with a cruise to a museum in Columbus. I need to get a vague feel of your interest in this event (I know you need a better date and that will be forthcoming) before I spend too much time planning it. I'm happy to set it up, but I need to know if people are interested in the general concept before I get too committed. The basic plan is for this to be a full day event comprised of some cruising, eating, and a bunch of bench racing. Please give me a hint of your interest via e-mail, text, or even a phone call so I can move forward with some confidence as I try to get this rolling.

Thanks, Dave Farmer, Vice President.

Keeping in Touch with Members

As everyone knows, things suddenly come up, and the club may want to give you some info before the next newsletter is issued. If you have not given us an email address, you might want to consider providing us with one so that we can get you on our email info list. We are also trying to use our club Facebook page at the same time when appropriate. If you aren't on our email list currently, and you want to be added, please email Chuck Rogers clrogers@charter.net to let him know.

Also, if you are getting your newsletter via paper mail, we encourage you to switch to an electronic method of receiving it. It helps keep our costs down and also makes life easier for our newsletter editor. However, if you don't have access to get it that way, we understand and will continue to provide a mailed copy.
