INSURANCE INSURANCE INSURANCE!!!

Something as an owner of a collectible vehicle you just can't go without!

Do you use your regular auto insurance carrier, or obtain insurance from a company that specializes in these types of vehicles? We would like to put together an article for a future newsletter with your feedback. Do you use Haggerty, or Grundy, or some other insurance, and what is your experience? Do you have any stories to tell us about their positives and negatives? Any recommendations?

Please email Chris Connor at mikesfine56@gmail.com with your comments and stories. We will share some of this info in a future newsletter. THANKS!

Keeping in Touch with Members

As everyone knows, things suddenly come up, and the club may want to give you some info before the next newsletter is issued. If you have not given us an email address, you might want to consider providing us with one so that we can get you on

our email info list. We are also trying to use our club Facebook page at the same time when appropriate. If you aren't on our email list currently, and you want to be added, please email Chuck Rogers clrogers@charter.net to let him know.

Also, if you are getting your newsletter via paper mail, we encourage you to switch to an electronic method of receiving it. It helps keep our costs down and also makes life easier for our newsletter editor. However, if you don't have access to get it that way, we understand and will continue to provide a mailed copy.
