## VP Says:

### Greetings Ford F-1 and F-100 lovers.

As hard as it is to believe, another Summer is almost over, and I sit here, probably like you, wondering where it went, and why it has to end. I had plans to attend more shows this year, do more camping and just spend more time away from the house with my wife Theresa, and our two dogs. The dogs are optional... the wife however, is not. While some of this was accomplished, more is better, right? Well, another great Dash to the Dells is right around the corner, and we always look forward to closing out Summer, with all of our Dash friends!

Although my wife and I stepped away from the Club for a few years, when kids, a 2<sup>nd</sup> Shift job, and other obligations got in the way, one thing we didn't forget is what a great family organization our Club had become. We are grateful for the many friends we've made, and look forward to the friends we've yet to meet.

Badgerland F-100 Truck Club's Dash to the Dash, has become one of the most anticipated events in the lives of Ford truck lovers, far and near. With Summer passing by in the rearview mirror, out the windshield (and over my hood scoop), I can see Dash 28 coming! When our Club started this "Dash to the Dells" thing, we didn't know if there'd even be a Dash 2, so the first one was just, "Dash to the Dells". We took all the things we saw at other car/truck shows that we liked, and as importantly, vowed to avoid those things we felt hindered the good will, good feelings, and good fun of attending any event. Now we're at #28! Holy crap, the Badgerland crew has obviously done something right!

One item that never gets said enough, is that there is a small group of very dedicated enthusiasts, who put in literally hundreds of hours planning, prepping, getting contracts signed, charting cruise routes, getting door prizes, coordinating trophies, games, food, and other functions too numerous to list. Right near the top of those "important things to still do," is getting volunteers to help out at the show. While many people always come forward, I'd like to ask our trucking friends that may not have taken the opportunity in the past, to seriously consider helping out at your show. There is no job that is unimportant. The list is long and varied. The more volunteers we have, the less each person has to do, and the more show we can all enjoy. Understanding, many people do volunteer when they arrive for the show, volunteering for a time slot in advance, just helps us cross one more thing off the to-do list. Don't be afraid to try something new. Someone will always be willing to show you what's needed in any function, to get you started and comfortable. All one has to do is ask. We've NEVER turned anyone down, and you'll likely have such a good time meeting other attendees, you'll wonder why you never jumped in before. Some of us remember washing Nescos of dried potatoes and sloppy joes in hotel bathtubs after the show. Thankfully, we don't do that anymore, but there are plenty of other functions that just need a willing and able body. It's a great way to meet people you may not have even had the chance to talk with at the show. There are untold lifelong friendships that have developed at our shows, so don't pass up that opportunity.

## VP Says Continued:

Thanks everyone for reading my ramblings, and I will see you at Dash 28...RIGHT???

To summarize;

1. **Get that hotel reservation made**
2. **Volunteer to do something you've never done before.**
3. **Safe travels to Dash to the Dells 28**
4. **Gas up your truck first...**

Mike Sonn - VP
