## Open House – Driven Restorations

Rachel Hilgers invites us all to an open house at her employer's business, Driven Restorations, on Sunday, July 15, 2018 from 10am-3pm. They are located at W1514 Cemetery Rd, Randolph, WI 53956. Bogie from "All Girls Garage" will be there. You can also check out Driven Restorations Facebook page to learn more about them.

## From The VP:

Hello fellow members-

Since we went from winter to summer, hopefully everyone has gotten their rides road ready and out enjoying them. I've been to some shows and cruise-ins and saw a lot of vehicles. While I was at the cruise-in in Pontiac, IL, the cast from the TV show Garage Squad was there. I invited them to come to our show at the Dells and gave them a flier. I need your help in spreading the invite on social media since my flip phone can't help me. They told me that is the only way to get them to show up. I wasn't able to make the June meeting because of work but hope to see everyone at the July meeting.

Thanks - Scott Jackson

## From The Prez:

It's hard to believe that June is almost over. May was a busy month for me. Chris and I went to the Grand Nationals F-100 Reunion in Pigeon Forge, TN which was a great success for their first show. I'm sure this will soon be bigger and better than the Supernationals show. They already posted a flyer for next year on their Facebook page. We took the journey down to Tennessee with the Winkelman's from Minnesota, and we saw fellow club members the Kragenbrinks while we were there.

On Memorial Day Weekend, my son Sean and I made the journey on the Bourbon Blitzkrieg run to Kentucky in his 1959 T-Bird. Wally Zeien drove his Texaco tow truck on this as well. It was a great time traveling with car & truck guys, making some new friends, and touring bourbon distilleries. Although it was hot, hot, hot, in that T-Bird!

The club meeting in June was well attended and we got to see some of our members from north eastern Wisconsin! Fun times seeing the museum and zoo on the cruise to Doc's Harley Davidson. Chris Lemke even provided an educational seminar on how turtles mate! (You had to be there to understand!)

We heard the F-100 show in Clear Lake was well attended and our club received the Club Participation award. We just returned from Back to the 50's Weekend in St. Paul, Minnesota. Saw the Roelke's and the Beuthin's while we were there, as well as some of the club members from the Twin Cities F-100 club.

Between shows, I have been working hard on helping my daughter Megan with building a truck. Now I remember how much work goes into an F-100 build! Well, keep driving your trucks and have a good time with them and your family. See you in Illinois at the July meeting. I've included a few pictures from my journeys below.

## Blueberry Corn Salad

SERVES 6-8

### INGREDIENTS:

- 6 ears fresh sweet corn, husked
- 1 cup fresh blueberries
- 1 cucumber, sliced
- 1/4 cup finely chopped red onion
- 1/4 cup chopped fresh cilantro
- 1 jalapeno pepper, seeded and finely chopped
- 2 tablespoons lime juice
- 2 tablespoons olive oil
- 1 tablespoon honey
- 1/2 teaspoon ground cumin
- 1/2 teaspoon salt
- 1/4 teaspoon black pepper

### DIRECTIONS:

1. In a large pot, bring water to boiling. Add corn. Cook for 5 minutes, or until tender. When cool enough to handle, cut corn from the cobs. Discard cobs.
2. In a large serving bowl, combine corn, blueberries, cucumber, red onion, cilantro, and jalapeno. To make the dressing, whisk together lime juice, oil, honey, cumin, salt, and pepper. Pour dressing over salad and stir until combined. Cover and refrigerate until ready to serve.

*Note: You can make this salad a day in advance. It keeps well.*

## For Sale/Wanted Continued:

**For Sale:** 1955 Ford Panel Truck on a 1979 Ford Bronco stock 4x4 frame with good titles for both body and frame. Owner has owned the body since the 1975 (was a Calif. truck). The Bronco frame was purchased after the original frame was lost. The original idea was to emulate a military 4x4 ambulance. Either Ford 351 or 400 C.I. engine with C6 tranny. Rear leaf springs reversed on frame to extend wheel base 6" to 110". (Stock axle location is off-center on spring). Bronco front seat. No hood nor front fenders. The body is mounted on the frame and the engine ran a few years ago when it was last started. The truck has been stored inside a garage for most of its time the owner has had it, and is currently stored on a hoist in a garage, so the underside is very visible. The steering is connected but it isn't drive-able, as there aren't any drive shafts. There is a lot of rust but it's doesn't look like a lot of rust-thru. The front corners are rusted out but the front mounts are still good. Body work will be required. Asking \$500 for body and \$500 for 4x4 frame. Located in Waukesha, WI. Call Rex @ 262-542-4510 and leave a message if no one answers.
